Sixteen Were in It.

Sixteen desperate characters, all in mates of the county jail at St. Joseph, engaged in a fight on Saturday evening last, and as a result two funerals will probably be had and several of the par-

showed fight and were badly beaten. Crowe and his crowd came to the rescue of the visitors, who were thus enabled to escape. Punshion and two negroes, jumped onto Crowe, and while the negroes held the desperado, Punshion unmercifully beat him over the head with a beer bottle. The other Coulter, of Co B. at Sweet Springs, and Chas Strawe of his own company at prisoners joined in the fight and Duputy
Sheriff Frank Beach opened fire with a
revolver. Ollie Stewart, alias SnowD. C. Foos and Dan Zachman, of the ball, a negro and an ex-convict, now in 82 Infantry will find T. J. Abxander of pail for highway robbery, was shot in the left side near the heart and will D. Aber, of Co K at Warrensburg.

Pleasant Words.

A pleasant letter from George Jacobs A pleasant letter from George Jacobs, who used to be a resident of our city, was received by us a few days ago, and doubtless many of his old Oregon friends will be glad to hear from him: He acknowledges the receipt of The Senninel giving the report of the reunion and says he would have been delighted to have been here. He has suffered greatly from rhaumatism: so much, so that he from rhaumatism; so much so that he has been compelled to abanden farming, and has leased his place to his sonin-law, Joseph Payne, who married his daughter Lizzie. He reports that execepting himself his family is well. He has a large and vigorous orchard that has given him a large yield of apples and most all varieties of small fruits, but thinks Holt county produces the best fruits, etc. We are always glad to hear from old and former residents of

The happy event occurred at the home of the groom's brother, John Hibbard, of the Richville, district. The groom is at present in charge of the Fairview school, and is one of Holt county's most thorough and progressive teachers, and like his bride, belongs to the best of families of Southern Holt. The ceremony was performed by Rey. Malott, of Graham. May these young people's lives be as bright as the sunshine, and may they live long to enjoy that bright, happy and prosperous life that we so heartly wish them.

Come and See Me for BARGAINS. HOWARD TEARE,

We are truly sorry to learn of the accident that befell our old friend Mar-tin Baum. On Wednesday of this week he purchased a cow, and had her placed in his stable. Thus far all went nicely. In the evening he went into the stable for the purpose of milking. She evi-dently did not like her new surrounding and immediately turned on her new owner, striking him in the stomach and side, the horn penetrating the flesh under the arm, tearing and lacerating it in a frightful manner, and carrying him upon her horns about the stable for several moments. Doctors Kearney and Evans were called, who did the necessa ry "patching" and the patient was rest ing as well as could be expected at the time of our going to press.

The Commercial Hotel.

Our old friend, in fact, everybody's friend, and who knows a most everyone in the Platte Purchase, W. E. Everhart, who took charge of the Commercial hotel who took charge of the Commercial hotel in Maitland immediately after the fair, has made some valuable improvements to the hotel. He has increased the size of the building by building an addition, giving him eight more nice bed rooms; a new cellar for the storage of fruits and vegetables, (and it is chuck full now), enclosed his wells and cisterns, now having them right in the kitchen, handy and convenient. He has also controcted for and will soon have in place a hot air heating furnace, by which means he will heat the entire second etory of the house, this part of the building contain-ing the bed rooms. Bill says he is now ready for trade, and can accommodate one and all. He has not forgotten how to run a hotel, the table being suppliwith the best the market affords. Remember when in Maitland that the place to stop is at the Commercial.

They Like Our School.

Misses Hallie Strickler and Fanny Gex. two bright young ladies from Craig and Graham, and who are in attendance at the Oregon High school, spent Saturday at their homes. Bear in mind the Teachers' Institute to be held in Oregon, Saturday Oct 19-a cordial invitation to all. The afternoon's cordial invitation to all. The after con's work will be particularly interesting for young men and women who are willing to drink deep of the ancient writers of literary productions from master pens.
